// BANGOR DAILY WHIG AND COURIER.

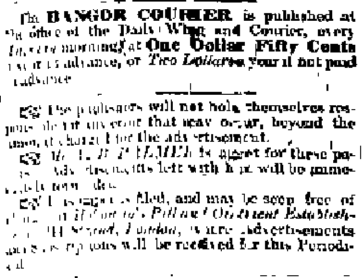
BY SMITH & SAYWARD. THURSDAY, APRIL 20, 1854. VOLUME XX.....NUMBER 249.

Bangor Daily Whig and Courier
—IS PUBLISHED—
Over the Kenduskeag Market, at **Five Dollars** a year, payable half yearly in advance. All subscriptions for less than a year to be paid in advance, and all orders for discontinuance must be accompanied by the amount due.

The **BANGOR COURIER** is published at the office of the Daily Whig and Courier, every *Tuesday* morning, at **One Dollar Fifty Cents** a year in advance, or *Two Dollars* if not paid in advance.

☞ The publishers will not hold themselves responsible for any error that may occur, beyond the amount charged for the advertisement.
☞ V. B. PALMER is agent for these papers. Advertisements left with him will be immediately forwarded.
☞ These papers are filed, and may be seen free of charge at *Holloway's Pill and Ointment Establishment, 244 Strand, London*, where advertisements and subscriptions will be received for this Periodical.

A CURE FOR ALL!



HOLLOWAY'S OINTMENT!!!

Citizens of the Union;
You have done me the honour, as with one voice, from one end of the Union to the other, to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,
38 Corner of Ann and Nassau Sts, New York.

ASTONISHING CURE OF SORE LEGS AFTER NINE YEARS STANDING.
Copy of a Letter from Mr. W. J. Langley, of Huntsville, Yadkin county, North Carolina, U. S., dated November 1st, 1853.
☞ READ HIS OWN WORDS. ☜
To Professor Holloway:
Sir,—It is not my wish to become notorious, neither is this letter written for the mere sake of writing; but truly, that your Ointment cured me of one of the most dreadful ulcerous diseases that flesh is heir to, and which was considered by all who knew me to be entirely beyond the reach of medicine. For nine years I was afflicted with one of the most painful and tiresome sore legs that ever fell to the lot of man; and after trying every medicine that I heard of, I resigned in despair all hope of being cured; but a friend brought me a couple of large pots of your Ointment, which not only caused the ulcers in my legs to heal, and I entirely regained my health, to my agreeable surprise and delight, and to the astonishment of my friends.
(Signed) W. J. LANGLEY.

AN EXTRAORDINARY CURE OF A BAD BREAST WHEN NEARLY AT THE POINT OF DEATH.
Copy of a Letter from Mr. R. Durant, New Orleans, November 9th, 1853
To Professor Holloway, 38, Corner of Ann and Nassau Streets, N. Y.
Dear Sir,—It is with heart felt gratitude I have to inform you that by the use of your Ointment and Pills the life of my wife has been saved. For seven years she had a bad breast, with ten running wounds, (out of a cancerous nature.) I was told that nothing could save her; she was then induced to use your Ointment and Pills which, in the short space of three months, effected a perfect cure, to the astonishment of all who knew us. We obtained your medicines from Messrs. Wright & Co., of Chartres-street, New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, at that time, not knowing your address at New York.
(Signed) R. DURANT.
The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs,	Fistulas,	Scalds,
Bad Breasts,	Gout,	Sore Nipples,
Burns,	Glandular Swellings,	Sore throats,
Bunions,	Lumbago,	Skin diseases,
Chilblains,	Piles,	Scurvy,
Chapped hands,	Rheumatism,	Sore heads,
Contracted and Stiff Joints,	Salt Rheum,	Ulcers, Wounds.

*.*Sold at the Establishment of Professor Holloway, 80 Maiden Lane, New York, and 244 Strand, London, and by all respectable Druggists and Dealers in Medicines throughout the United States, in Pots at 37½ cents, 87 cents and $1.50 cents each. To be had Wholesale of the principal Drug Houses in the Union.
☞ There is a considerable saving by taking the larger sizes.
N. B.—Directions for the guidance of Patients in every disorder are affixed to each Pot.
INGRAHAM & FULLER, Agents for Bangor.

McFarland's BURGLAR and FIRE PROOF SAFES!

THE undersigned would respectfully call the attention of the public to the above unequalled safeguard of property—proof against the devouring element of fire, as well as the most skillful burglar. To MERCHANTS, JEWELLERS, and BANK DIRECTORS, we would only say, examine them and the proofs and you will be convinced of their superiority over all other manufactures.

The above is done in a plain straightforward way, without resorting to humbug or large talk. The following is one of the many testimonials we are receiving from all parts of the country, and speaks for itself. Messrs. Pond & Hitchcock's Safe was situated directly under the [illegible], and was totally consumed on that [illegible] of August 23.]

"New York, Aug 23, 1853.
Messrs. Wm. McFarland & Co:
Gentlemen—It affords us pleasure to inform you that the Fire and Burglar Proof Safe we purchased of you, preserved our books and papers, at the disastrous fire of the Pearl-st House, last evening, in the most perfect manner. Although it was covered throughout the fire with burning Rosin, and other Oils, and directly under a broken gas pipe, in the most intense heat, it remained true to its name, and its contents when taken out were not even scorched, and hardly bore the smell of fire. To any one who is in want of a superior Safe, a perfect safeguard against fire, we cheerfully recommend your manufacture, having had a personal experience of their excellence. Yours truly.
B. F. POND & HITCHCOCK."

Our Depot, where an assortment of all kinds and sizes is constantly on hand, is at
33 Maiden Lane,
(TWO DOORS FROM NASSAU STREET,)

CITY OF BANGOR.

AN ORDINANCE *for the reorganization of the Fire Department.*

Sec. 1. Be it ordained by the Mayor, Aldermen and Common Council of the City of Bangor, in City Council assembled, That the Fire Department shall consist of a Chief Engineer, and of not less than three Assistant Engineers, and of three companies, each of which is to consist of forty men, and of such additional companies as shall hereafter be established by the Mayor, and Aldermen.

Sec. 2. Be it further ordained, That the Mayor and Aldermen shall from time to time form such additional Engine Companies, as the wants of the City may require but no Company is to exceed forty men in number.

Sec. 3. Be it further ordained, That no person under the age of twenty-one years, shall be admitted into any company belonging to the Fire Department.

Sec. 4. Be it further ordained, That the Chief Engineer shall be elected annually by ballot in the month of March by the Council in convention, and at such other times as vacancies may occur.

Sec. 5. Be it further ordained, That the Chief Engineer shall have the power to appoint as many Assistant Engineers and designate their rank subject to the approval of the Mayor and Aldermen, as there are Engine Companies.

Sec. 6. Be it further ordained, That the Engineers shall have, and exercise all the powers, and be subject to all the duties of Fire Wards.

Sec. 7. Be it further ordained, That the Chief Engineer shall appoint the Firemen, and shall have the power to discharge the same; But if any Fireman is aggrieved at his decision, he may appeal to the Board of assistant Engineers who shall have power to reinstate him.

Sec. 8. Be it further ordained, That each Engine Company shall choose Foreman, two assistant Foremen, and a Clerk, all of whom shall be confirmed by the Chief Engineer. Each Company shall also cause a roll of its members to be made and kept, and called after each fire, false alarm, and at each meeting of said Company, and note on said roll all who are absent.

Sec. 9. Be it further ordained, That each member of any company, who shall be absent from any Fire, False Alarm, or Meeting of said Company, unless for a satisfactory reason given to said Company, shall be fined as follows:—Absence from Fire, one dollar; absence from False Alarm when the roll is called, twenty-five cents; and, absence from each meeting of said Company, twenty-five cents. The Clerk of each Company, shall report quarterly to the Chief Engineer, all the absences of each member belonging to his company and what amount is due from each member, for fines.

Sec. 10. Be it further ordained: That the Chief Engineer shall be paid annually the sum of three hundred dollars; each Assistant Engineer the sum of fifty dollars; and each Fireman the sum of twenty-five dollars, on the first Monday of January of each year. But any Fireman who shall serve for a less time than one year, shall be entitled only to such compensation as the Chief Engineer shall determine. The amount due from each member for fines, shall be deducted from the amount due for his services. And, the sums thus deducted shall be kept by the City Treasurer in a separate fund, to be called "Firemen's Relief Fund," to be used for the benefit of those members who may be injured at fires, and when needed, for that purpose, may be drawn from the Treasury by the Mayor, and appropriated as the Chief Engineer shall direct.

Sec. 11. Be it further ordained, That on the first Monday of May annually, at two of the clock in the afternoon, the Chief Engineer may order out all the Companies of the Department with their respective Engines and other apparatus to exercise the members; and no company shall appear with more than forty members.

Sec. 12. Be it further ordained, That it shall be the duty of the Engineers whenever any fire shall break out in the City, to repair forthwith to or near the place where the fire may be; to cause the Engines and other apparatus to be arranged and worked in such manner as most effectually to extinguish the fire; to require and compel the assistance of all persons in extinguishing the fire, removing furniture, goods, or merchandise, from any building on fire, or in danger thereof, and to appoint guards to secure the same, and in pulling down or demolishing any house or building, or suppressing tumults and disorder. And it shall be their duty to cause order to be preserved throughout the department in going to, working at, and returning from fires, and at all times when companies attached to the department are on duty. And whenever any fire shall occur in either of the adjoining towns, it shall be the duty of so many of said Engineers, to repair to such towns as shall have been designated for that purpose by said Board of Engineers.

Sec. 13. Be it further ordained That in case of the absence of the Chief Engineer at any fire, the Engineer next in rank who may be present, shall possess his powers and perform his duties.

Sec. 14. Be it further ordained, That all persons who may be present at any fire, shall obey the direction of any Engineer; and render their services in extinguishing the fire, and protecting property exposed thereto, in such manner as they may be required to do by any Engineer, and every person who shall refuse, or neglect so to do on request of said Engineer, shall forfeit and pay to the city, the sum of Ten Dollars to be recovered in an action of debt in the name of the City Treasurer to the use of said City. And it shall be the duty of the Engineers to report to the Mayor and Aldermen all such cases of refusal.

Sec. 15. Be it further ordained, That the Chief Engineer shall have the sole and entire control and command over all engineers, and other persons attached to the Fire Department, shall direct all proper measures for the extinguishment of fires, and protection of property, preservation of order, and observance of the fire laws, ordinances and regulations. It shall be his duty to examine the condition of the Engines, and other Fire apparatus, Engine Houses, and other buildings used by the Fire Department, and all the reservoirs, weekly, to keep the reservoirs free from snow and ice during the winter, to superintend the building and repairing of all machines and buildings used in the Fire Department, and all the city reservoirs. It shall be his duty to see that the Engines and apparatus are always kept clean and in order for immediate use, that, on their return from fires, they are well washed, cleansed, oiled, and securely housed. He shall keep fair and exact rolls of the respective Engine Companies, specifying the time of admission and discharge of each member, and report the same to the Mayor and Aldermen on the first Monday of January of each year, with the amount of fines for from each member. He shall report to the City Clerk once in each year all the accidents by fire which may have happened within the city, and the cause thereof, so far as it can be ascertained, and the number of buildings and the value of the property destroyed or injured and the names of the owners, if known.

Sec. 16. Be it further ordained, That the City Council by a concurrent vote may remove either of said Engineers.

Sec. 17. Be it further ordained—That the Mayor and Aldermen may from time to time, form as many Hose, Hook and Ladder, Bucket and Fire Companies as they deem it expedient, to consist of such number of members as they shall determine.

Sec. 18. Be it further ordained—That the Engineers and members of the several Companies shall wear such caps and badges as the Chief Engineer shall direct, and the Mayor and Aldermen furnish. They shall be furnished at the expense of the city and remain the property of the city. No other person shall be permitted to wear similar caps and badges except under such restrictions and regulations as the Chief Engineer may direct.

Sec. 19. Be it further ordained, That it shall be the duty of the City Marshal, and Constables of the city, on an alarm of fire, to repair forthwith to the place where the fire may be, with their staves or such other badge of office as the Mayor and Aldermen shall direct, and use their best exertions, under the direction of the commanding Engineer, to preserve the public peace; and to prevent theft and the destruction of property, and assist in the removal of all suspected persons for which services the Constables shall receive such compensation as the Mayor and Aldermen may allow.

Sec. 20. Be it further ordained, That if any chimney, stove-pipe or flue, within the city shall take, or be set on fire, the occupant of the house, to which such chimney, stove-pipe or flue appertains, or the person so setting the same on fire, shall forfeit and pay the sum of two dollars. Provided, however, it may be lawful for any person to set fire to his chimney, stove-pipe or flue, in the forenoon of any day, when the contiguous buildings are wet with rain, or covered with snow. And it shall be the duty of the Engineers to report to the Mayor and Aldermen the names of all persons liable to the penalty provided by this section.

Sec. 21. Be it further ordained, That the power of making and establishing rules and regulations for the transportation and safe keeping of gunpowder, within the city of Bangor, and granting licenses for the keeping and sale thereof, in the city, pursuant to the provisions of law, shall be exercised and performed by the Chief and other Engineers; and the power and duty of seizing any gunpowder kept or being within said city, or the harbor thereof, contrary to the provisions of law, shall be exercised and performed by said Engineers or any one of them. And in case the seizure shall be made by any Engineer, other than the Chief, he shall forthwith report the same to the Chief Engineer, who shall cause said gunpowder to be libelled and prosecuted in the manner prescribed by law. And all the other powers and duties enjoined and granted by the laws of the State, in relation to the safe keeping and transportation of gunpowder, shall be exercised and performed by the said Chief and other Engineers.

Sec. 22. Be it further ordained, That whenever it shall be determined by two or more Engineers, or by the majority of any greater number of Engineers present, at any fire, to pull down or demolish any building which may be on fire, or which it may be necessary to remove to prevent the spread of the fire, the same may be done by their joint order.

Sec. 23. Be it further ordained—That it shall be the duty of the Chief and other Engineers to inquire and examine into all shops and other places, where shavings or other combustible materials may be collected and deposited, and at all times to be vigilant in causing the removal of the same, whenever, in the opinion of any two of them, the same may endanger the city; and to direct the owner or occupant of such shop or other place, to remove the same, or cause the same to be removed, at his expense, under the direction of the Engineers.

Sec. 24. Be it further ordained, That when any chimney, stove, or stove-pipe within said city shall be defective, or out of repair, or so constructed or placed that any building or other property shall be in danger of fire therefrom, it shall be the duty of the Chief Engineer, or any two Engineers of the Fire Department, to give notice, in writing, to the owner or possessor of said chimney, stove, or stove-pipe, to remove or repair the same. And if such owner or possessor shall, for the space of forty-eight hours after such notice, unnecessarily neglect to remove or effectually repair such chimney, stove or stove-pipe, he shall forfeit a sum not less than two dollars nor more than twenty dollars; and he shall be liable to a similar forfeiture for every week he shall so unnecessarily neglect to remove or effectually repair the same, after the termination of the said forty-eight hours.

Sec. 25. Be it further ordained,—That if said owner or possessor shall unnecessarily neglect to remove or effectually repair such chimney, stove, or stove-pipe, within forty-eight hours after notice as aforesaid, it shall be lawful for the Chief Engineer to remove or repair the said chimney, stove, or stove-pipe, the expenses of which may be recovered by an action of the case by the City Treasurer against the said owner or possessor.

Sec. 26. Be it further ordained,—That all moneys received for fines, forfeitures and penalties arising under this ordinance, and the laws of the State regulating the storage and transportation of gunpowder, shall be paid to the City Treasurer, to be applied in such way as is or may be provided by law.

Sec. 27. Be it further ordained,—That whenever the members of the several companies shall assemble at the houses entrusted to their care, either on duty or company business, order and regularity shall be preserved. And it shall be the duty of the officers and members to refrain from unnecessarily assembling at said houses. And the utmost care and economy shall be observed in the use of fuel, lights and other property furnished by the city.

Sec. 28. Be it further ordained,—That any member of the City Council may enter within the lines, at any fire, wearing a suitable badge to be provided by the Mayor and Aldermen.

Sec. 29. Be it further ordained, That no Fire Engine, or apparatus belonging to the city, shall be used in any trial or contest for superiority with any other Engine or be taken out of the city, except to render assistance at fires in neighboring towns, unless by special order of the City Council.

Sec. 30. Be it further ordained, That "an ordinance establishing a Fire Department for preventing and extinguishing Fires," passed Oct. 16 1836, and "An ordinance additional" to the same passed Feb. 3 1851 be and the same are hereby repealed.

[Passed Feb. 20, 1854.
A true copy—Attest:
f22 1w GEO. W. SNOW, City Clerk

SEYMOUR'S GALVANIC ABDOMINAL SUPPORTER,

THIS apparatus possesses all the mechanical advantages of the Abdominal Supporters now in use, and also some valuable improvements beside the galvanic attachment. It has been tested, approved of, and universally adopted in the practice of all the leading Physicians in New York, Boston and all other places where introduced, in the treatment of all Nervous diseases which exhibit themselves under so many different heads, and particularly in the cure of Uterine difficulties. The beneficial results which have uniformly attended the use of the instrument are sufficient guaranty of its utility and general application. The advantages of this over other Supporters are, it cures by its Galvanic action, presents a smooth surface that does not retain heat or impurities which pass from the system, and can be kept pure and healthful.
The attention of the medical profession is respectfully solicited to an examination and test of the instrument. The above Supporters are for sale by GEO. W. EMERSON, Druggist, No. 4 Smith's Block, sole agent for Bangor and vicinity.

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States:—
I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living; it tending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,
38, Corner of Ann and Nassau Sts, New York.

PURIFICATION OF THE BLOOD,
—AND—
LIVER AND BILLIOUS COMPLAINTS.
The citizens of the Union suffer much from disorders of the Liver and Stomach, scarcely any are free from the influence of these destructive maladies, hence life wears fast. This fell tax, perhaps the most loathsome in the world, [illegible] a certain period, when, distressing to say, many lose their teeth and good looks, while yet in the heyday of life. Such and evils may be effectually remedied by continually keeping the blood pure, and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble that in a more genial clime, where an eternal spring seems to reign.—As it regards the preservation of the human frame, and the duration of life, much can be effected, and I say fearlessly, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

A CASE OF WEAKNESS AND DEBILITY, OF 10 YEARS STANDING CURED BY HOLLOWAY'S PILLS
Copy of a Letter from Captain John Johnson, Astor House, New York, dated January 5th, 1854.
To Professor Holloway, 38, Corner of Ann and Nassau streets, New York.
Sir,—It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years I suffered from a derangement of the Liver and Stomach, and was reduced to such an extremity that I gave up my ship, never expecting to go to Sea any more, as I had tried every Remedy that was recommended to me, but all to no purpose; and had given myself up as lost, when I was at last recommended to take your Pills. After taking them for three months, the result is that I am now in better health than I have been for eleven years past, and indeed as well as ever I was in my life. You are quite at liberty to make this known for the benefit of others.
I remain, sir, yours respectfully
(Signed) JOHN JOHNSON.
These celebrated Pills are wonderfully efficacious in the following complaints:

Ague,	Female Irregularities,	Scrofula or King's Evil,
Asthma,	Fevers of all kinds,	Stone and Gravel,
Bilious Complaints,	Gout,	Secondary Symptoms,
Blotches on the Skin,	Headache,	Venereal Affections,
Bowel Complaints,	Indigestion,	Worms of all kinds,
Constipation of the Bowels,	Jaundice,	Weakness, from whatever cause.
Debility,	Liver Complaints,	
Dropsy,	Piles,	
Erysipelas,	Retention of Urine,	

*.*Sold at the Establishment of Professor Holloway, 80, Corner of Ann and Nassau Streets, New York—also by all respectable Druggists and Dealers in Medicines throughout the United States, in Boxes, at 37½ cents, 87 cents, and $1.50 cents each. To be had Wholesale of the principal Drug Houses in the Union.
☞ There is a considerable saving by taking the larger sizes.

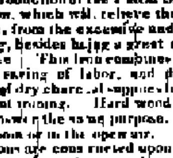
Housekeepers, look at this!
Admirable Invention!!
PATENT SELF HEATING
SMOOTHING IRON!



MANY important improvements have been made since the beginning of the present century, relieving and facilitating the labor of men by machinery and other modern implements; but females have been nearly neglected, until the introduction of the *Patent Self Heating Smoothing Iron*, which will relieve them, in a very great degree, from the excessive and fatiguing labor of *Ironing*, besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor, and despatch; one cent's worth of dry charcoal supplies fuel for a whole day's constant ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Hatters' and Tailors' Irons are constructed upon the same principle, and possess equal superiority.
For sale, wholesale and retail, by the subscriber, who is the only Agent for Penobscot County.

NewspaperARCHIVE® NewspaperARCHIVE®

Whig and Courier.

John S. Sayward, Editor.

THURSDAY, APRIL 20, 1854.

☞ A correspondent of the Boston Journal, writing from the Bangor House under date of April 14th, says, very truly and very truthfully, that so far as he had observed, and he has visited several portions of Maine, that the Maine Law is advantageous to the people. The following is an extract from his letter:

"So far as I have observed, and from all the information I have obtained, the Liquor Law of this State is gaining strength and favor among all parties. The hotels through the country are no longer the places of resort for loafers and boozers, and the good results of the law are so apparent, that the citizens will never repeal it or submit again to the old rum drinking system."

The paragraph stated compactly and forcibly the truth in the matter, as every man must be satisfied who has observed with care and who is willing to speak without prejudice, and who has no personal pecuniary or other interest to misrepresent or falsify.

There is in this city, as in various portions of Maine, a sort of infernal machinery for fabricating falsehoods, and misrepresentations, and for distorting the facts in the case regarding the operations of the Maine Law, for the purpose of giving the impression that the law is inoperative or useless, or worse than useless; and that liquors everywhere in Maine are sold openly and without restraint and without hazard.

These fabrications have no official clerk, for every body understands how utterly false they are. They are not intended for home consumption, but are issued in letters and through a satanic press for effect abroad. They sometimes perplex and puzzle and ever distress the friends of the Maine Law and other States, and the consequence is that letters and newspaper articles are received by the officers of our city and by the editorial fraternity, making the most inquiries as to the facts and truth regarding the operations of the law. To all such inquiries the answer is and must be that the law is beneficial; that it is a great restraint upon the liquor traffic; that its operation and enforcement is not tolerated, and that violations of the law are prosecuted, that during the last year seventy-five seizures of liquors were made in this city under the law, in which upwards of seven thousand gallons of liquor were seized, more than half of which were destroyed, and some hundreds of gallons are awaiting judgment; that over fifty cases for violations of the Liquor Law are now before the Supreme Court; that the public sentiment is more and more in favor of the vigorous execution of the law, and the more it is tried the better it is liked.

The friends of temperance abroad should not attach so much importance to the false and distorted statements against the law which are made by its enemies, because this gives such men an importance to which they are not entitled, and enables them to maintain a position to which they have no right. So long as those defamers and falsifiers receive credit for their statements they can command the money of those wedded to the liquor traffic and those in favor of free rum and can thus keep up a warfare which has no foundation of its own. If they are left to their own toddy and blather will be estimated at their true value and can do nothing to disturb the mind of any friend of our highly beneficial law against rum selling.

☞ A pamphlet has recently been received in London from Paris and published in the London Chronicle. It is said to be of great evidence of having been written by the Emperor of France. It advises that the policy of the Western Governments should be to preserve the balance of power in Europe, and proceeds to show how this should be accomplished. Finland should be restored to Sweden. A line drawn from Viborg to the gulf of Onega would become, on that side, in the North, the extreme limit of Russia, and the country of Gustavus Adolphus, and of Charles XII, would resume the rank so long and so worthily occupied in the councils of Europe. Assuming that the nationality of Poland cannot be restored, the writer proposes to reunite the Russian portion of the dismembered kingdom with the Duchy of Posen, which is held by Prussia, and annexing Poland permanently to the dominions of that power. He says, "condemned at present to the silence of slaves, and to a political death, Poland would then have a place and a deliberative voice in the assemblies of a State which has given as many proofs of religious toleration and a wise spirit of progress."

Moldavia and Bessarabia, the writer proposes to confer upon Austria, and to compensate Turkey for its spoliation, he offers her the Crimea, "the object of its constant regrets with the original shores of the Euxine," and "in Asia," the Caucasian countries where the Russians have established themselves, to make Constantinople in the rear." "To us," continues the writer, "would be closed to Russia the road towards Persia and India, which she has tracked out for herself with so much perseverance and zeal."

In exchange for the significant dismemberment of Austrian territory, it is proposed that power should relinquish Lombardy, which should be united with Piedmont. The writer says in his conclusion:

"Such is, in a few words, the ensemble of the measures which would appear the best calculated to establish the balance of power in Europe upon its true basis, compromised to-day by the preponderance of Russia. Those who may feel inclined to regard this plan as chimerical, weigh each of them whether, upon their conscience, they believe it possible to preserve the *status quo*, after the great war now preparing. Not one of the proposed modellings here could become a cause of division between the two Western Powers, nor a danger for the future of the other. The balance would be maintained between the two German States which aggrandizing themselves in the sense of the same element, and in a proportion nearly equal, would bring no new trouble, no new pretension into the body of the Germanic Confederation. Sweden would be strengthened by the restitution of Finland; the Ottoman Empire by that of Crimea and of the Line of the Caucasus.—Constrained to restore the usurpations of a century, the aggressor alone would suffer from an arrangement which, in the North, in the West, and in the South, would be carried out at his expense."

Bangor, Eastern.

The Plantation meeting held on the 26th of March the following officers were elected for the ensuing year.

Caleb Nelson, Moderator.

John Kidder, Clerk and Treasurer.

Asa C. Foster, David E. Tewksbury, Cyrus Crosby, Assessors.

Asa C. Foster, Charles Kidder, Albert H. Parks, Superintending School Committee.

Hardwin A. Brimblecomb, Constable.

James Cochrane, Collector.

Bangor April 14 1854.

☞ S. S. Perkins has received his spring stock, of pure sap sugar, fresh from the sugar orchards on the Kennebec. It is manufactured in a superior style by those who are instructed eminently to make never less, and is unadulterated. Those in want of a pure article will know where to apply.

☞ The steamer St. Lawrence, Capt. Sturdivant, on her passage from Boston to Portland, on Sunday last, when near Cape Ann, broke both of her cranks, in a heavy gale. She succeeded with sails in getting into Gloucester harbor, where she came to anchor and dredge. She has been towed to Boston for repairs.

☞ One of the farmers of Aroostook county who left home a few days ago informs us that when he left home, less than a week since the snow was so deep upon its farm as to cover entirely the division fences and that not a branch or twig of the trees in the woods was visible, although the trees would average over five feet in height.

☞ Resolutions have been offered in the Southern Convention, of Charleston proposing that the United States mediate between Turkey and Russia and recommending ex President Pierce, Jno Scott, and Senator Dallas as the peace commissioners.

☞ The report in the New York Herald of a conspiration with England re-establishing our right to Texas, to be acted on by unfounded by proclamation, relative to the rights of neutrals with the only thing asked by Mr Minister, and that it appears by last accounts, has been issued.

☞ One of the little fellows the other day, shortly after having partied one of the Pantaloons, was walking with his father, when he noticed that the sun appeared and disappeared as the scattering cloud passed along, suddenly exclaimed, "Father, does God draw the curtain to show the sun?"

☞ The weather yesterday was bright and beautiful and the clear warm sun made, we must say, considering the lateness of the season, quite a sensible impression upon the ice.

☞ The monthly meeting from the "Box" of the Philadelphia Association will take place on Friday evening. Articles should be handed in early.

From the Seat of War!

The accounts from the seat of war were summed up in the telegraphic despatches by late arrivals. We find in the Paris Pays the following items of the movements of the Russians in their new line of operations near the mouth of the Danube. The comments of the writer are worthy of attention.

"We have received some details relative to the passage of the Danube by the Russians.—The passage commenced on the 22d in three columns, by means of four pontoon bridges. The principal column under the orders of General Luders, crossed for Galatz; Prince Gortschakoff crossed the river with the troops between Isaktcha and Tultcha, protected and accompanied by the division of Gen. Annep; and the third column effected its movement below Braila, at a place called Gachi on the right bank, but which is not mentioned in the maps. These forces amount together to 50,000 men, including 11 batallions of infantry, three regiments of cavalry, one of Cossacks, and 40 pieces of artillery. This movement in advance on the Danube has produced some uneasiness, but it arose justly speaking there is no cause for it. The Russian army, which is now on the right bank of the Danube, does not occupy one of those fortified positions by which it encircles and ruins the Turkish armies, but in Bulgaria, on the route to Constantinople, but in the Dobrodja—that is to say, on an immense plain, intersected with marshes, without resources and without communications. It has behind it, between Kustchi and Matschin, a Turkish corps of 30,000 men, with sixty pieces, under Ibrahim Pasha, and before it a barrier of fortified places, Varna, Silistria, Custendje, Varna and Shumla, which bar the road to the Balkans.

"It is not difficult to explain the reason why Prince Gortschakoff has chosen this place for cross the Danube. It is true that in 1828 the Russians entered the Dobrodja by Varna, in order to attack Varna and Silistria, but at that time they had powers on the Black Sea. The battle of Navarino had destroyed the Turkish navy, for if the Russians were therefore free in a large measure, they were not less obliged to make a push forward and quickly in order to reach the mountains. As they are now deprived of the Black Sea, it is different to cross the Balkans, the movement which they have adopted. An English journal says that they have reconnoitred seeing their line of operations cut by the arrival of European troops in the Euxine, a movement to certain as Omar Pasha, in pushing to know the effect of it, regards the left wing of the river as the greatest piece of service the Russians could have rendered him. The movement now that it has commenced, will continue; the Turks do not offer more resistance. Bucharest is about to be completely evacuated, all the troops who were in that place having received orders to march to the first of April towards the Danube."

There is a report that the Russian fleet has left Sebastopol to attack Varna, and on the other that the combined fleets had entered the Black Sea, and bound to Varna. These reports want confirmation. If they prove to be correct warm work may be expected.

CHARLESTON, April 16.

The Grand Southern Pacific Railroad was amended after a warm debate, between all the leading men in the Convention. The clause authorizing the Corporation to negotiate was strongly opposed, and the resolution in favor of the Cadenza treaty and alternate sections of public land also caused bitter opposition. The Virginia delegates were withdrawn, and the Convention adjourned to meet in New Orleans on the second Monday of January next.

☞ Out of all the railways now being constructed in Canada, is estimated at $60,000,000. The money comes chiefly from England, on mutual debentures and government stock.

The Democracy in Motion.

The following proceedings of the legislative caucus, we publish for the purpose of showing to our readers, that the Maine Law democrats of Maine have made provision, for a Mass State Convention for the purpose of nominating a candidate for Governor. Those men are in earnest, and knowing that they truly represent the views and feeling of the majority of the democratic party in Maine, they intend to perfect and perpetuate the organization of the party instead of permitting it to rest upon a rum jug.

Democratic Legislative Caucus.

At a meeting of the Democratic members of the Legislature, held in at Augusta, on the eleventh day of April, A. D. 1854, having been organized by the choice of the Hon. Job Prince of Turner, as President, and Calvin H. Whitney of Newburg, and George S. Pitcher of Northport, as Secretaries,

On motion of the Hon. E. P. Torsey of Readfield, Messrs. Torsey of Kennebec, and Ruggles of Penobscot of the Senate, and Newman of Fremont, were appointed a committee to report Resolves for the consideration of the meeting.

Mr Torsey, from said committee, subsequently reported the following Resolves:

Resolved, That in view of the great importance of united and energetic action in our State election we hereby request the Democratic State Committee chosen at the convention which nominated Hon. Anson P. Morrill for Governor in Augusta, not to call a Mass State Convention of our political friends, at an early day, at some convenient and central place, to nominate a candidate for Governor to be supported at the next Gubernatorial election, and to transact such other business as shall tend to protect our organization and enable us to act with efficiency and success in the polls.

The above resolves was discussed and unanimously adopted.

Voted, That the proceedings of this meeting be signed by the President and Secretaries, and that the democratic papers in this state be requested to publish the same.

Voted, To adjourn without day.

JOB PRIECE, *President.*

C. H. WHITNEY, }
G. S. PITCHER, } *Secretaries.*

PENSACOLA, April 15.

The belly of the Jupiter Ferry steamboat exploded this morning, just as she was leaving the wharf, instantly killing seven. Had every one been aboard, injuring four others.

Punishment of the Czar!

A late English paper, assuming the ground that war is inevitable, says:

"The Czar must be made to feel his inherent weakness. His long cherished and unrestrained hatred to Turkey is notorious; against England he is exasperated with all the rage of mortification for he has been baffled by English diplomacy, while have parried all his eager thrusts without putting forth their whole strength, and he has been denounced by the universal voice of the English people; and he hates the French people and their ruler with all the hatred of a low intriguer, detected in base attempts to sow jealousy and ill-will between them and friendly neighbors. The Turks have to punish him for robberies perpetrated and projected at their expense. The English have to punish him for the insult involved in the offer to go rob them a share in his criminal enterprises and their profits. The French have to punish him for his attempts to undermine their position among the nations of Europe, and the hatred he feels and the contempt he affects for them."

Nicholas will doubtless do all in his power to evade the terrible punishment with which he is threatened. He can hardly be expected to submit to such humiliation with a good grace, how richly soever he may deserve it.

A BEAUTIFUL PORTRAIT OF A LOVE SCENE.—In his recently published discourse on "Old Age," Rev. Theodore Parker draws the following exquisite though rather sentimental picture of a lover, as exhibited in the case of an elderly lady of noble virtue, who recalls the events of her earlier maidenhood:

She is old no longer. It is not Aunt Kindly now. It is sweet Agnes, as the maiden of eighteen was dight and sixty years ago, some day in May, when all nature was awesome and winning, and every flower bell rung in the marriage of the year. Her lover had just put that red rose of the spring to her hand, and the good God another in her cheek, not quite half blown, dewy fresh. The young man's arm is round her her brown curls fall on his shoulder; she feels his breath on her face, his cheek on hers, and their lips join, and, like two morning dew-drops in that rose, their two lives rush into one.—But the youth must wander to a far land.—They will think of each other as they look at the North Star.

She sits him take her Bible. He saw the North Star hung over the turrets of many a foreign town. His soul went to God—there was a straight road from India as from any other spot—and his Bible came back to her the Divine love in it, without the human lover, the leaf turned down at the blessed word of St. John, first and twenty-seventh of the fourteenth chapter. She puts it to close there to note his spot; what marks the thought holds now the symbol of their youthful love. Now to-day her soul is with him, her maiden soul with his angel soul; and one day the two, like two dew drops, will rush into one immortal wedlock, and the old age of earth shall become eternal youth in the Kingdom of Heaven.

Maine Legislature.

SENATE.

MONDAY, April 17.

The Secretary of State came in with a communication from the Governor returning to the Senate bill to remove obstructions from the Machias river with his written objections thereto. Laid on the table.

Bill to incorporate the town of Aroostook was taken up, and amended by changing the name to Ashland, and passed to be engrossed.

A number of bills were passed to be engrossed. Adjourned.

HOUSE.

Mr Pierce moved an order during Wednesday as the day for an adjournment.

Mr Abbott moved to amend by inserting Thursday. The House refused.

The order was then passed, yeas 101, nays 14.

Bill for the preservation of fish in the Penobscot river and tributaries was debated by Messrs Knowlton, Hilliard and Hill in favor, and opposed by Messrs. Swazey and Jordan. The amendment offered by Mr Hilliard to appoint fire wardens was adopted. The bill was then referred to the next legislature, on motion of Mr Swazey.

On motion of Mr Morrill of Augusta, the committee on the judiciary, were directed to inquire into the expediency of allowing to publishers of newspapers a greater compensation for publishing the laws.

Mr Hill of Bangor, introduced a bill to amend the charter of the Penobscot Log Driving Company (authorizing an assessment of 80 cents instead of 62 on each thousand of lumber driven.) This afternoon assigned.

Bill to establish an experimental farm was called up by Mr Hubbard of Fayette, and read the third time.

Mr. H. made a comprehensive and interesting speech in support of the bill, which was referred to the next legislature, on motion of Mr Barlow of Canton.

Finally passed—Resolves, in favor of Mary A. Hunter; levying a tax on the county of Androscoggin; bills, to amend chapter 89 of the special laws for the year 1853; to incorporate the Oldtown Gas Light Company; in relation to writs in real and mixed actions; in favor of Wm. Black. Adjourned, to afternoon.

XXXIst CONGRESS.

WASHINGTON, April 17.

SENATE.

Several petitions and memorials were presented on subjects, including remonstrances against the Nebraska Bill, and a memorial from 15,000 Universalists spiritual manifestations, praying of Congress to investigate the matter.

The Senate went into executive session.

HOUSE.

In the House to-day, Thomas D. Eliot representative from Massachusetts, took his seat.

Mr Wallbridge of New York submitted a resolution declaring "that the United States deem it proper in view of the existing war in Europe, to make known that every American vessel engaged in the lawful pursuit of commerce is held by the government to be protected by the flag that covers her, and which shall be evidence of her nationality; and that we attach to all such vessels a character of sovereignty, considering them a part of our territory, and as such should be kept inviolable. That our rights as thus declared rest upon no precarious or temporary basis, or upon the concessions of any power, but upon a law that has been insisted on from the early history of the republic; and that any attempt to enforce an absolute right of impressment, search, detention or visitation, in regard to American ships, will be regarded as an act of hostility to the United States, and a just cause of war."

The resolution also affirms the doctrine that any attempt made by European powers to extend their system of government to the hemisphere should be looked upon as dangerous to our peace and safety, and that the United States will never consent that the sovereignty of Cuba shall be transferred to any except the country to which she seems naturally to belong.

The House refused to suspend the rules—yeas 48, nays not counted.

Mr. Wallbridge's resolution was referred to the Committee on Foreign Affairs.

A bill from the Committee of Ways and Means, for the purpose of increasing the salaries of clerks and subordinate office in the Executive Departments, gave rise to a long debate in which the policy of an economical expenditure of the money of the people was strongly insisted on by some of the speakers. Without disposing of the matter the House adjourned.

WASHINGTON, April 18.

The Senate in executive session to day refused to ratify the Cadenza treaty.

☞ The last half of the term of *Mr. REED'S Singing School* will commence on THURSDAY evening, April 20th, and will be continued three evenings in each week for 12 evenings. A good opportunity is here offered for practice.

Price of Tickets—gentleman $1,00, lady 75cts—to be had at the Bookstores of Patch & Lewis, D. Bugbee, and E. F. Duren. apr18 3t

Dr. Richardson's Sherry Wine Bitters have been sustained through more than one entire generation, and with a liberality unknown to any other medicine; and an instance is not known by the proprietor, where they have not been of benefit to the sufferer from the cure of complaints for which recommended. In not the long continued unanswering support, by the public, of the *Sherry Wine Bitters*, sufficient evidence of its superiority over every other medicine offered for sale? It is manufactured precisely the same, and the component parts are the same, as they were at its first introduction. It contains no ardent spirits, and is so very mild that the public may be assured that it is the same Richardson's Bitters which, throughout the New England States, the present young generation have heard their fathers and mothers so often speak in praise.

Agents for Bangor—Ingraham & Fuller, Gould & Hasow, Wm. Metz, C. W. Emerson, G. W. T. Batch. [mch23 Saw2dw*]

Holloway's Pills for the Cure of Sick Headache, Bile, and Weak and Disordered Stomachs.—These wonderful Pills have long been the means of restoring to health many persons pronounced incurable by the faculty, and of whose cases it is said. They may be taken with perfect safety, and a certainty of effecting a cure, by persons suffering from general debility, sick headache, diseases of the stomach &c. of every complaint, and those who are predisposed to dropsy, can use a more effectual remedy than Holloway's Pills, acting as they do upon the very source of life, the blood, which in a few days they purify and improve. The effect they have is rapid, yet speedy, and as a family medicine they are unequalled.

For sale at advertisement. ddw

☞ To the Ladies.—Hurd's Golden Gloss, for the Hair, is a preparation which has no equal. It is highly perfumed, and imparts the fragrance of the most delightful flowers. It makes the hair

SOFT, GLOSSY, AND BEAUTIFUL,

and causes it to grow luxuriously preventing it from falling off or turning gray; it removes dandruff, prevents eruptions forming, and keeps the scalp clean, smooth and healthy. It has cured nervous and sick headache by a single application. Ladies who learn its value in this respect will ever be with us. Price 25 cts. W. E. HURD, Proprietor, 304 Broadway, New York. S. E. PERKINS, Agent, Bangor. jan9 1y

CARD.

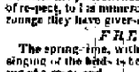
HEMENWAY & HERSEY take this opportunity to tender their thanks to their numerous friends and the public for, and solicit a continuance of, the very liberal patronage they have hitherto received. They would now inform the public that they have removed to their new and elegant Store Room, in No. 3 Exchange Block, at the corner of Exchange street and Kendusking Bridge. Those Stores have been fitted up in the most approved modern style, for the accommodation of our friends upon the East Side, and together form one of the most splendid rooms and attractive establishments of the kind in the State. Here we shall keep constantly on hand every article, rich, and well assorted stock of every variety of goods in our line of trade.

We may also be found at the Old Stand, Nos 18 and 20 Main street, where we at all continue to keep the same rich and extensive assortment of Goods as heretofore.

HEMENWAY & HERSEY.

Bangor, March 2, 1854.

FISHOLOGY.



The winter has passed and gone,
And Spring has come with its FISH!

Thomas Bickford

Tenders his professional thanks, with high consideration of respect, to his numerous friends for the support and patronage they have given him in his Fish'al way!

FRESH FISH!

The spring-time, with its cool water, and the time of the singing of the birds is beginning to appear like the opening of a rose; and

"For though the spirits, and seas, each creek and bay
With fry innumerable swarm, and shoals
Of FISH, that with their fins and shining scales
Glide under the green wave, in sculles that oft
Bank the mid sea."

All arrangements are completed with the brave fishermen in all the localities named above by that estimable man and lover of good Fish, John Miller, who, it alone, would be among my best customers. Fish Market supplied with the best and brightest Fish of the season—CODFISH, HADDOCK, HALIBUT, MACKEREL LOBSTERS, &c.

The collected wisdom of the state, assembled at Augusta, in their session of my classmates has to furnish the best Fire Wood to the citizens of Bangor, through my multitudinous army of fleet number of active boys, have refused to resume the cracking of the glowing Salmon on the Penobscot. Thus my efforts are smelt out, and surrounded by glad men, and that prevents my being served to any one to be Fish me.

Pickerel, Trout, and Lake Fish.

I shall have some engaged in filling for my Market, on all places.

Three up the dowery field, the FISHY streams,
The pasturing Indian runs and the fertile plains,
With a subsidy of, oh! and with Titan's beams,
As all I can with pleasures types, and of Hell's pains;

which, by a principal I have some among FISH-mongers, means I have what fish is the free warrant of the North, and even those who send their loves to the Nebraska pond, but I have FISH of my own, and all sorts, and all occasions had good FISH—old fed and plump—Clams, Lobsters, &c. &c.

Every FISH in season, within the bounds of season; and I wish you one and all, to make a business call, at the

Apr7 CAPTAIN'S OFFICE.

DO NOT FORGET,

If you have a cough or cold, hoarseness, asthma, or any thing of the kind, that FOWLE'S BALSAM COMPOUND, a pulmonic remedy, has a great such diseases. Have known it in many cases!

"Having been afflicted with a severe and obstinate cough, (after using a host else as in vain) I obtained a bottle of Mr. Fowle's Balsamic Compound, which entirely removed my cough in a few days. Its effects were also very beneficial upon a friend to whom I recommended it.

Hartford, Sept 10, 1853. CATHERINE A. LYMAN.

Mrs. Lyman is the wife of a clergyman, who has been preaching in Hartford.

BRIGGS'
Green Mountain Vegetable CEMENT.

FOR joining Broken China, Glass, Earthern Ware, Metals, Wood, Cabinet Work, and Fancy Articles of every description. This Cement, which has been proved to be of great strength, will be found particularly useful in every family. The simple manner of its application is above recommendation. The adhesive property which it contains is so wonderful that many things will rather break in a fresh place than where they have been mended with it. The variety of purposes for which it may be used, are so numerous, that it would be difficult to write them. Its success in mending Glass, China, &c., is extraordinary, no ordinary degree of heat affecting it, and on the joints are scarcely perceptible, for cities of this kind may be made useful for years which otherwise would have been cast away. The above article may be had, wholesale or retail, of GEO. W. EMERSON, No. 4 Smith's Block, General Agent for the State of Maine.
mch21 d&w

To E. L. Hamlin, one of the Justices of the Peace within and for the County of Penobscot.

THE undersigned, members of the Kenduskeag Log Driving Company, request you to issue a warrant in pursuance of law, directing him to call a meeting of said company, to be held at the counting-room of Stetson & Co., in the city of Bangor, on SATURDAY the twenty-ninth day of April instant, at ten o'clock in the forenoon, to make choice of all officers necessary for the business of said company, and to act upon such other matter as may be legally brought before said meeting.

S. THURSTON,
A. A. WING,
L. J. MORSE.
Bangor, April 11, 1854

STATE OF MAINE.

To Aaron A. Wing, of the city of Bangor, in the county of Penobscot, and one of the members of the Kenduskeag Log Driving Company.

GREETING:

Whereas Aaron A. Wing, Samuel Thurston, and L. J. Morse, members of the Kenduskeag Log Driving Company, have applied to me, E. L. Hamlin, Esq., one of the Justices of the Peace within, and for said county, requesting me to issue a Warrant to you, the said Wing, directing you to call a meeting of the members of said Company, to make choice of officers necessary for said Company, and to act upon such other matters as shall legally come before said meeting, to be held at the counting-room of Stetson & Co., on Saturday the 29th day of April instant, at ten o'clock in the forenoon—

You are hereby required to notify and warn a meeting of the members of said Company, to be held at the time and place and for the purposes aforesaid, by publishing a notice thereof in the Daily Whig and Courier, a newspaper printed in said Bangor, two weeks successively, the last publication to be before the day of meeting. And have you there this warrant with your doings thereon.

Dated at Bangor the twelfth day of April, in the year of our Lord one thousand eight hundred and fifty-four.

E. L. HAMLIN,
Justice of the Peace throughout the State.

NOTIFICATION.

Pursuant to the foregoing Warrant, to me directed, I do hereby notify the members of said Kenduskeag Log Driving Company, to meet at the time and place, and for the purposes aforesaid

India Rubber Goods.
SPRING TRADE, 1854.

D. HODGMAN, 27 *Maiden Lane* and 59 *Nassau Street*, invites the attention of his former customers and merchants generally particularly Wholesale Buyers, to his immense stock of INDIA RUBBER GOODS, which he has now on hand and is daily receiving from his Factories, including

COATS,	LIFE PRESERVERS,
CAPES,	WHITE
GLOVES,	CARRIAGE CLOTH,
PANTS,	PIANO COVERS
OVERALLS,	MACHINE BELTING,
LEGGINGS,	ENGINE PACKING,
CAPS,	CROTON HOSE,
BEEFING JACKETS,	

And every description of Rubber Goods manufactured.

The reputation of my Goods for their excellent quality is so well established as to render any further recommendation entirely superfluous. It affords me great pleasure to inform Wholesale buyers of
Rubber Clothing,
That I am enabled to offer them inducements to purchase superior to what I have heretofore, and as I firmly believe superior to any that have been or can be offered elsewhere.

Orders respectfully solicited and attended to with promptness and despatch by
D. HODGMAN,
27 *Maiden Lane* & 59 *Nassau Street, New York.*

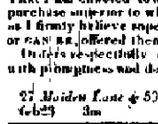
Important Bargains Offered.



LOTS of Land for Rural Dwelling Houses, with large Fruit and Vegetable Gardens, adjoining the city, mostly on the continuation of French St. and Broadway, and a street laid out, 75 feet wide, in the range with Broadway, (as it runs from State Street to the Park.) This street is laid out about 160 rods through my lands, extending over the west end of Mt. Pleasant. This land is north of any much higher than the Park, having a commanding view of the city and surrounding country.

Also, land for Orcharding and Farming, on the new Stage Road to Oldtown running by Coombs' Mills, situate beyond and near the first considerable elevation, having a view of some part of the city on its western side. This land is considered as good as the farm on which I live, where I have raised over 40 bushels of wheat to the acre, (as may be seen on the books of the P. A. Society,) and oats, hay and potatoes in that proportion. Some judgment may be formed also of my land for Fruit Trees on my lot near the city, by examining my bearing trees and my Fruit Nurseries.

My land East of the Mills has a considerable growth of wood on it, and some timber for frames. We can go three times a day, it being one of the easiest roads running out of Bangor.

Liberal terms will be given on it, and the size of the lots made to suit purchasers.
N. HARLOW.
Bangor, March 27, 1854

☞ If any person, not advanced in life, should appreciate the probable results of a few years good business in Bangor, of purchasing land from an original lot, beginning at East Market Square, (the northerly part of Lot No. 68, Holland's Plan, is referred to,) where three leading and important streets are laid out passing into our great and important northern and western country, he can now do so. These streets will afford some of our finest seats for elegant Houses and valuable Fruit Establishments, without exception. It is only a strong wish to be relieved from part of my cares, and that of closing business of this kind, which could induce me to sell at this time by the quantity,
N. H.

GAS!!
Gas-Fixture Establishment.

KENNEDY'S

MEDICAL DISCOVERY

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR, from the worst Scrofula down to a common Pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two Bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst case of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three to six bottles are warranted to cure salt rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system, yet it is now a fixed fact.—If you have a humor it has to start. There are no ifs nor ands about it, suiting some cases, but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to children a year old, to old people of sixty, and has seen puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it—on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get, and enough of it.

ROXBURY, Sept. 19, 1853.

This is to certify that H. H. HAY, Druggist, Portland, is the duly AUTHORISED GENERAL AGENT for my MEDICAL DISCOVERY for the STATE OF MAINE, and that he is supplied with the GENUINE, direct from my Laboratory.

(Signed) DONALD KENNEDY.

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON

No. 76 State Street, opposite Kilby St., BOSTON.

IMPORTANT INFORMATION TO INVENTORS. The subscriber (late Agent of the U. S. Patent Office, under the Act of 1837) determined to present advantages, in applying for patents, superior to those offered inventors by others, has made arrangements whereby on application prepared and conducted by him, THIRTY DOLLARS (instead of twenty, as paid back by others) will be remitted by him in case of failure to obtain a patent, and be withdrawn through him within thirty days after the rejection. Caveats, Specifications, Assignments, and all necessary papers and drawings, for procuring patents in this and foreign countries prepared, and advice rendered on legal and scientific matters respecting inventions and infringements of patents.

Inventors can not only here obtain their specifications on the most reasonable terms, but can avail themselves of the experience of 20 years practice, an extensive library of legal and mechanical works, and correct accounts of patents granted in this and other countries besides being saved a journey to Washington, the usual great delay there, as well as all personal trouble in obtaining their patents. Copies of claims of any patent furnished by remitting one dollar. Assignments recorded at Washington.

R. H. EDDY,
Solicitor of Patents.

"During the time I occupied the Office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as Solicitor of Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,"
Late Commissioner of Patents.

"PATENT OFFICE,

"R. H. Eddy, Esq., Boston, Mass.

Sir—Your application for the prosecution of any business connected with this office, are equal to those of any other agent. I am very respectfully, yours, &c.

THOMAS EWBANK,
Commissioner of Patents.

TESTIMONIALS.

The following certificate from Dr. John C. Warren, of Boston, was given 17 years since, but will not lose weight.

BOSTON, Jan. 5, 1853.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competence of Mr. J. F. Foster to supply the deficiency occasioned by the death of Mr. Beath.—After some months of observation of his work, I am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C. WARREN, M. D.

The undersigned take great pleasure in recommending to the favorable consideration of those who are unhappily afflicted with Hernia, Mr. James Frederick Foster, as a skillful and competent person in the manufacture and fitting of Trusses. We have employed him (some of us for over twenty years) and therefore speak from personal knowledge of his abilities. His early advantages, his long experience in the business, and the large number of bad subjects whom he has relieved in a variety of cases, render him, in our opinion, equal, if not superior, to any manufacturer of the article. His father, Dea. Gideon Foster, of Charlestown, was master of the Poor-house in that town for upwards of twenty four years, during which period Mr. Foster availed himself of the opportunity, and made application of Trusses in a great variety of cases, with great success, some of which were of a very complicated and distressing character.

It is well known to all who have occasion to wear a Truss, that no greater excellence consists in its adaptation to the body, at the same time relieving the patient. Any ordinary mechanic may make a Truss, but none but a skillful practitioner can apply it to such a manner as to [illegible] fortunately, as it oftentimes radically cures the complaint.

Our experience has convinced us that Mr. Foster has thoroughly attained this knowledge. The certificates of Dr. J. C. Warren, and other eminent surgeons, which he has shown to us, fully sustain the opinion we here express.

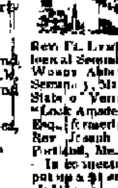
Vegetable Pulmonary Balsam,

CONTAINING

Neither Prussic Acid nor Tartar Emetic.



THE GREAT STANDARD REMEDY for all PULMONARY DISEASES.—Extensively Used, Tested and Approved in New England, Canada, and the British Provinces, during a period of TWENTY SEVEN YEARS, by Eminent Physicians, Clergymen, Professors, Colleges, Theological Seminaries, Scientific and Distinguished Public Men—and in fact, by all classes in the community. Among them it is recommended by Rev. Dr. Lyman Beecher, a President of Lane Theological Seminary, Cincinnati, Ohio, Rev. Dr. Leonard Woods, Abbot Prof. of Theology at Andover Theological Seminary, Mass; Hon Daniel P. Thompson, Secretary of State of Vermont, author of "Green Mountain Boys," "Lock Amsden," &c., Montpelier, Vt.; W. F. Williams, Esq., formerly Collector of the Port of Baltimore, Md.; Rev Joseph Rich, Philadelphia, Pa.; B. C. Fearing, Portland, Me., and many others.

In connection with our old 50 cent article, we now put up a $1 size, in large square bottles, with rich ornamented wrappers, and directions, and fac simile of Wm. John Cutler, containing nearly four times the quantity of the smaller size.

Beware of counterfeits and imitations!!!!

Enquire for the article by its whole name,

"VEGETABLE PULMONARY BALSAM."

Prepared only by REED, CUTLER & CO., Druggists, Boston, and sold by Apothecaries and Country Merchants generally. Price, large size, $1; small size 50 cents.

MEDICATE INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the city of New York and vicinity for a few months past, ever known to man. It is producing an impression on diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid, supplying the lungs constantly with a healing and agreeable vapor, passing into all the air-cells and passages of the lungs, that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—try it.

MARGARET EASTON.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city my health was very poor; had a bad cough, raised a good deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold in Bangor only by SAM'L E. PERKINS No 1 Kenduskeag Bridge.

AYER'S

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this vast country, has proven beyond a doubt that no medicine or combination of medicines yet known, can so surely control the variety of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following—and refer further enquiry to my American Almanac, which the agents below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R R S. C., Aug 4, 1853.

J C Ayer; Dear Sir—My little son four years old has just recovered from a severe attack of Malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your Cherry Pectoral in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by ten o'clock at night I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery my little boy would now have been in another world.

I am yours, with great respect,
J. D. POWELL, Supt Trans., L. R. R.

Rock Hill, (Somerset Co.) N. J., July 21, 1853.

Dr. J. C. Ayer—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect, JOHN C. WHITLOCK.

P. S. Almost any number of certificates can be sent you, if you wish it.

Prepared by J. C. AYER, Chemist, Lowell Mass.

Letter Paper.

60 CASES LETTER PAPER. Also, Commercial Note, Bath Post, Billet and Note Papers, in full variety, just received by

aug8 PATCH & LEWIS,

WILBOR'S COMPOUND OF

PURE COD LIVER OIL AND LIME.

THIS valuable medicine, which has received the sanction of the medical faculty, by whom it is regularly prescribed, and which has been tested successfully by thousands of invalids, is one of the most remarkable preparations ever offered to the public for the cure of

CONSUMPTION, SCROFULA, COUGHS, COLDS, ASTHMA, BRONCHITES, SPITTING OF BLOOD, AND ALL COMPLAINTS OF THE LUNGS.

Pure Cod Liver Oil has long been acknowledged to be the most efficacious article for the cure of Consumption and kindred diseases yet discovered, while the chemical properties of the PHOSPHATE OF LIME are also well known in medicine as being peculiarly healing. In cases where ulceration has taken place on the lungs, this article has been found, by the most careful tests, to supply the very ingredients necessary for the formation of cells, and the complete healing of this delicate part of the human system.

This preparation of the pure Cod Liver Oil and Lime robs the oil of its very nauseating taste which renders it so repulsive, particularly to invalids.—The thorough incorporation of the Phosphate of Lime with the Oil has only been accomplished by the adoption of the most perfect modes of chemistry, and a medicine has thereby been produced which is of inestimable value in a climate like our own.

A long array of certificates might be given here to prove the efficacious character of this medicine, but it is not deemed necessary. The fact that from the very first introduction of the Cod Liver Oil and Lime before the public, it has been gradually adopted by the medical faculty, is sufficient proof of its unquestioned excellence.

DR. MORSE'S

Invigorating Cordial,

A

Phenomenon in Medicine.

Health Restored & Life Lightened by

Dr. Morse's Invigorating Elixir, or Cordial.

For centuries, Medical science has been ransacking the vegetable and mineral kingdoms, in search of something that should restore the lost or decaying energies of the nervous and muscular systems, without the draw backs of subsequent prostration, which all stimulants, tonics and narcotics had heretofore entailed.—That as will as has been found. It is a vegetable production, brought from the sterile deserts of Arabia the Stony, by the celebrated Professor M. Morse, well known as a distinguished member of the leading scientific societies of the Old world, and especially distinguished as a physician, a chemist and a traveller. The juices of this herb, concentrated and combined with other vegetable medicinal extracts, are now producing results heretofore unheard of, in this or any other country. At first the properties attributed to PROF. MORSE'S INVIGORATING ELIXIR OR CORDIAL were deemed fabulous. The public could not believe the simple facts announced by the discoverer. But facts undeniable facts, attested by witnesses of the highest class and character, are now triumphing over all doubts. Incredulity is overthrown, by a mass of testimony which is perfectly irresistible.

The ELIXIR RENEWS, in all cases, the depleted, exhausted [illegible] of the vitals of the wonderful machine called man. It restores to full vigor every delicate function connected with the mysterious compound agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the over worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief, from the use of this incomparable renovator. To those who have a predisposition to paralysis it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so often trifled with their constitutions, that they think themselves beyond the reach of medicines. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only remove the disorder itself, but

REBUILD THE BROKEN CONSTITUTION.

The derangements of the system leading to nervous diseases, and the forms of nervous disease itself, are so numerous that it would require a column to enumerate the maladies for which this preparation is a specific. A few, however, may be enumerated, viz: neuralgia, tic doloureux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep and terrifying dreams, inability to remain in one place or position, weakness of the procreative organs, sexual incompetency, melancholy, monomania, fluor albus, sinking at the stomach, female irregularities, a chronic tendency to miscarriage, emaciation, and all complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or structural diseases it is averred that

MORSE'S INVIGORATING ELIXIR

Will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural activity and this not only without hazard of reaction, but with a happy effect on the general organization. Bear in mind that all maladies, wherever they begin, finish with the nervous system, and that the paralization of the nerves of motion and sensation is physical death. Bear in mind, also, that for every kind of nervous disease the Elixir Cordial is the only reliable preparation known.

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary, on the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition.

LOSS OF MEMORY.

Confusion, giddiness, rush of blood to the head, melancholy, mental debility, hysteria, wretchedness, thoughts of self destruction, fear of insanity, hypochondriasis, dyspepsia, general prostration, irritability, nervousness, inability to sleep, diseases incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, constipation, etc. etc., from whatever cause arising it is, if there be any reliance to be placed on human testimony, absolutely infallible.

A GREAT MEDICINE FOR FEMALES.

The unparalleled effects of this great restorative in all complaints incident to females mark a new era in the annals of medicine. Thousands of stimulants have been invented—thousands of invigorants concocted—all purporting to be specifics in the various diseases and derangements to which the delicate formation of woman render her liable. The result has heretofore been uniform. These nostrums have indeed imparted a momentary vivacity to the nervous system, a transient and delusive vigor to the muscles, but this flash of relief has been succeeded by a depression and prostration greater than before, and the end has too often been utterly to paralyze the recuperative power of the nerves and the vital organization, and finally to destroy the unhappy patient.

EVERY WOMAN OF SENSE,

who suffers from weakness, derangement, nervousness, tremors, pains in the back, or any other disorder, whether peculiar to her sex, or common to both sexes—to give the Invigorating Cordial a trial

MARRIED PERSONS,

or others, will find this Cordial after they have used a bottle or two, a thorough regenerator of the system. In all directions are to be found the happy parents of healthy offspring, who would not have been so but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Thousands of young men have been restored by using it, and not in one single instance has it failed to benefit them.

PERSONS OF PALE COMPLEXION,

or consumptive habits, are restored by the use of a bottle or two to bloom and vigor, changing the skin from a pale, yellow, sickly color to a beautiful florid complexion.

TO THE MISGUIDED.

These are some of the sad and melancholy effects of [illegible] early habits of youth, viz., weakness of the back and limbs, pains in the head, dimness of sight, loss of muscular power, [illegible] dyspepsia, nervous [illegible] derangement of the digestive functions, general debility, symptoms of consumption, &c.

[illegible]

BEFORE CONTEMPLATING MARRIAGE.

should reflect that a sound mind and body are the most necessary requisites to promote connubial happiness, indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens the view, the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with your own.

PARENTS AND GUARDIANS

are often misled with respect to the causes and sources of disease in their sons and wards. How often do they ascribe to other causes the wasting of the frame, idiocy, madness, palpitation of the heart, indigestion, derangement of the nervous system, cough and symptoms indicating consumption, when the truth is, that they have been indulging in a pernicious, though a luring practice, destructive both to mind and body.

CAUTION.

Dr. Morse's Invigorating Cordial has been counterfeited by some unprincipled persons.

In future all the genuine Cordial will have the proprietor's fac simile pasted over the cork of each bottle, and the following words blown in the glass:—

"Dr. Morse's Invigorating Cordial.

C. H. RING, Proprietor, N. Y."

The Cordial is put up highly concentrated in pint bottles.

Price,—$3.00 per bottle; two for $5.00, six for $12.0

Aug2'53 ly

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

Dr. Pomroy's Ophthalmic Ointment

OR EYE SALVE,

Is the Remedy which Cures Sore and Weak Eyes. See the following:

F. W. N Crouch, Professor of Music, Portland used Pomroy's Eye Salve for a severe affection of the eyes, by a few applications they were restored to their usual strength and soundness.

Mr. H. K. Hinkley, Pearl street, has used this celebrated Eye Salve in his family, and says that it exceeds any preparation for affections of the Eye—such as Sore Weakness of the Eyes, &c., &c.

Mr. W. B. Dunson, Market Square, Portland, was troubled with an affection of the eyes for years, and was entirely cured by Dr. Pomroy's Ophthalmic Ointment or Eye Salve

Mr. Walter Wells, Principal of the Academy at Augusta, used this soothing preparation for a severe humor of the Eyes, and was entirely cured by two or three applications

Mr. Andrew Mulnix, Elm street, Portland was cured of a severe case of inflammation and Ulceration of the eyelids by the use of Dr. Pomroy's Eye Salve, in a few days.

Mrs. Tucker, Fore street, Portland, has used Dr. Pomroy's Eye Salve for her grand daughter, who is troubled with an affection of the Eye, Weakness, &c., and says has greatly relieved her.

Many more such cases as the above might be shown to show the efficacy of this excellent Salve, but we leave those who have used it to extol its merits far and abroad its fame.

PRICE 25 CENTS PER BOX

PAPER WAREHOUSE

Cyrus W. Field & Co.

COMMISSION MERCHANTS AND DEALERS IN PAPER

Paper Manufacturers' Materials.

Office and Paper Warehouse—NO. 11 CLIFF STREET, NEW YORK

Warehouses for the storage of Rags, &c. Nos. 9 and 38 Cliff Street, No. 94 Beekman Street, and 104 Christopher Street

WE now offer at the lowest wholesale prices, for cash, or satisfactory notes, by far the most extensive and desirable stock of all articles connected with the Paper Trade, or Manufacture, that can be found in this, or any other country.

Our long experience and great facilities enable us to offer extraordinary inducements to large purchasers.

We are sole agents for the celebrated Victoria Mills Writing Papers, which we sell by the case only.

We are also sole agents for the sale of the products of many other mills, and agents for almost all the principal Paper Manufacturers in the U. S.

Orders accompanied with cash or satisfactory references, will be executed with the same care and promptness as when given in person.

Paper of any size and weight made to order at short notice. Liberal advances made on consignments of Paper and other merchandise. Cash paid for Rags and all other Paper Manufacturers' Stock at our [illegible] Warehouse. [illegible]

Frank's Student Lamp.

THE superiority and cheapness of this article has opened for it a ready sale wherever it has been introduced. Oil of any quality can be burned in them. Samples of the above can be seen at SAM'L E. PERKINS
